Nothing about this type of buttons. It's quite simple, placed into component container and with resizing constraints set properly to make it easy scalable

TAKE YOUR KUNG-FU ON THE NEXT LEVEL

Material Design provides responsive layouts based on the following column structures. Layouts using 4-column, 8-column, and 12-column grids are available for use across different screen devices and orientations.

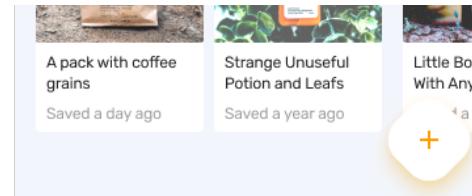

Wish list

Classic pattern to let your user save something for later. Creating list, deleting and moving items were considered

The image displays four distinct mobile application interfaces:

- Top Left:** A navigation bar with "Edit mode" (highlighted in orange), "Active", "Upcoming", and "Finished". Below it is a section titled "Saved items" with a back arrow, a search icon, and a pencil icon. It shows "Gentleman's Items" and a "Purchase all" button.
- Top Middle:** A navigation bar for "Wishify" with tabs for "Selected" (grayed out), "In your list" (highlighted in orange), and "Favorites". It includes a search icon, a profile picture, and filters for "POPULAR", "TRENDING", "STYLISH" (highlighted in blue), and "CASUAL".
- Bottom Left:** A dashboard for "SET PRODUCT" featuring a sidebar with "FIGMA RESOURCES" (Freebies, Dashboards & Desktop, iOS & Android, Charts & Dataviz, React & Angular, Web & Presentations, Bundles & Deals, Icons) and "OUR TEAM" (Design Blog). The main area shows "Templates 1" and "Templates 2" sections, each with cards for "Crazy Legs Jumping Tutorial", "The Miracle Shoes of Tom Sommington", "Little Black Book", and a placeholder "+". It also includes a "Video" section and a "Try before buy" section with cards for "The Set Of Gentlemans Stuff" and "Fine & Minimal Set For Handsome Man". A "GET STARTED" button is prominent.
- Bottom Right:** A list of products under "SPORTS & TRAVEL" and "Gentleman's Stylish Set To Impress A Woman". Products include "Wooden Floor", "Crazy Legs Jumping Secret Techniques", "Gentleman's Stylish Set To Impress A Woman", and "Perfect Working Chair For Apple Lovers". Each product card includes a thumbnail, title, price, rating, and a trash bin icon.
